PROFESSIONAL SUMMARY

Motivated Computer Science graduate with a strong interest in backend development, cloud computing, and software engineering. Experienced in JavaScript, Node.js, Express, React, and MySQL. Passionate about building scalable web applications and solving real-world problems.

TECHNICAL SKILLS

- JavaScript
- Node.js
- Express.js
- React
- MySQL
- HTML
- CSS
- Git
- REST APIs

EDUCATION

Bachelor of Science in Computer Science

XYZ University

2022 – 2026

PROJECTS

AI Interview Preparation Platform

- Developed a full-stack SaaS application.
- Implemented JWT Authentication and RBAC.
- Designed layered architecture using Controller, Service, and Repository pattern.
- Integrated resume upload using Multer.
- Stored resume metadata in MySQL.

Task Management System

- Built CRUD APIs using Express and MySQL.
- Added authentication using JWT.
- Implemented responsive React frontend.

EXPERIENCE

Backend Developer Intern

ABC Technologies

2025

- Developed REST APIs.
- Fixed production bugs.
- Improved SQL query performance.

- Worked with Git and Agile methodology.

CERTIFICATIONS

- AWS Cloud Practitioner (In Progress)
- JavaScript Algorithms and Data Structures

LANGUAGES

- English
- Nepali

HOBBIES

- Reading books
- Trekking
- Open Source
